

Each year, close to 7,000 individuals are diagnosed with breast cancer in Massachusetts. Ellie Fund, a Massachusetts-based non-profit provides essential non-medical services to patients in breast cancer treatment.

SERVICES

- Healthy food on the table with grocery assistance and delivering nutritious prepared meals
- Safe transportation to and from appointments for patients with weakened immune systems
- Childcare reimbursement and housekeeping services to support family responsibilities
- Integrative therapies to relieve side effects and stress like acupuncture and oncology massage
